Title	: CEREBRA INTEGRATED'S RECYCLING PLANT

Business Standard

Cerebra Integrated's e-recycling plant

Cerebra Integrated Technologies Ltd, one of India's IT garage start-ups, has imported a mobile shredder from Cimelia, Singapore, to commence activities in India's largest e-waste recycling facility in Peenya, Bangalore. The mobile shredder, capable of handling 3,600 tonnes of e-waste, is scheduled to separate metals, non-metals and processing (crushing) of PCB which will be sent later to Singapore for further processing and raw material extraction.
